Weronika T. Adrian

Weronika T. Adrian (Furmańska), MSc (wta@agh.edu.pl, [www](#)) is a research assistant in the Computer Science Laboratory, Department of Automatics, AGH UST. She has cooperated with GEIST members since 2008, when she was a research assistant intern.

She graduated in 2009 with a degree in Applied Computer Science. Her main research interests cover Semantic Web technologies and logic programming. In her master thesis she proposed a method for using design methods for rule-based systems in the context of the Semantic Web. In 2009 she presented her results at several conferences and workshops including [IWSE](#), [KESE](#) and [ICCCI](#) (for publications see the [bpp AGH system](#)). She has been involved in [HeKatE](#) and [INDECT](#) research projects.

Her non-scientific passions include playing and listening to music, travelling and skiing.
